My girlfriend and I are both very liberal and I like men, men do not like being fucked by other men. When I made this gesture she had a really hard time by her men after each other and was completely filled with spirit.

Debra and Maurice Kenna, a most charming coupling couple from West Germany. Their object is to find other couples for self-snapping, sex-potles and ogles. Why don't you write to them?

Jessica is sexually personified. She really knows the art of seducing a man. A night with her must be every man's dream.

Meet Suzanne and Dieter Krause. We did, in their lovely home in Neuchâtel, West Germany. We went to visit them after we had exchanged several letters, climaxing with an invitation from them for us to meet.

Suzanne is sexually personified. She really knows the art of seducing a man. For example, she dresses provocatively—nearly every evening. And while black and red are her favorite colors, the nevertheless

I have never before in front of my camera seen a woman bring more voluptuous an oval and so full of promise. The cheeks appear often square but just in flower and voluptuous. Her eyes glaze subtly with just femininity, and you can't mistake her sophisticated sensuality since she is the type of woman that plants sexual consciousness first and always maintains it.

Strong attractive her eyes are wide open to let everyone see her effectively double-breasted pleasure

being that always wants to give and take, in a way, it's difficult to understand how Father feels how a all range to take care of his work as a business for a transportation company

Business was eager to demonstrate her sexual proficiency and technique in front of my camera. She took the opportunity I offered and really acquired humbly. She, who knows how to use her sexual eloquence nearly to perfection in class rooms and with genuine desire—she acts with an intensity that necessarily must be able to satisfy the most divergent demands. The work, the means, the rolls and curves rhythmically, in such a way that reveals the experienced, responsible lover that she is

which her sexy clothing from the entire spectrum of colors. And has a way to reach blonde, whiteblonde, grey-black, red, platinum blonde, white, blue, green

But it's not only her clothing that excites sexually. Her mood is liberal and welcoming, her eyes glaze easily with just look shiny. And you can't mistake her subtle-but-not tenderness since she is the type of woman that places sexual consciousness first, and always remembers it—later at the price of departing from some other phase of herself of course, but this sensuality permeates her entire personality and is thereby the most dominating feature of her personal magnetism

One can really understand why she chose the husband she did, big, hairy, always short. Which is really necessary, since her voice is that kind of woman—the sexual

In a way it's difficult to understand how Blake Body rose and arched to take care of his work.

The couples began after a game, all the time with her eyes wide open and obviously steadily increasing pleasure. The difference between her years during the interview—soft—spoken, mostly dry—and during intercourse—prohibited sexual area—was striking. I have seldom experienced such a marked change in one person's behavior.

Diner is a clever amateur photographer. He has hundreds of provocative pictures of Suzanne in his photo album. It's obvious that she poses enthusiastically. Not one angle, not one view is missing from Diner's collection. His ambition—to present Suzanne's sexual preferences and needs—has been offered in the collection of pictures which could easily justify their place being published in one of the well-known "gildy" magazines.

During the conversation, after I had taken pictures of one of their intercourses, I learned that this couple had unfortunately been disappointed in their efforts to find

other couples with the same sexual interests. Their object was to find other couples for sofa-topping, sex parties, and so forth. Of course, the reason why they didn't succeed is probably not so difficult to come up with. Hockenheim, where they live, is just a small town, and in this place, like in certain other parts of Germany, the circle of people with similar sexual interests is quite small.

We really hope that Susanne and Dieter Krause will at last discover the possibilities that they so want. They dream it, and will surely more than just catch somebody and put both their heads down on him and their unforgivable talent for feeling-irregardless of what it may be that they involve themselves in.

"A birthday surprise for you darling", she said and kissed me. "And here are your presents" I stared at their lovely faces.

"Do hast doch Geburtstag", grüßte sie und hauchte mich. "Kell auf meine Geschenke. Hier ist dein Geschenk!"

"Wie surprise pour toi, chéri ", elle t alla dit en m'embrassant. " Et voici tes cadeaux " Les deux-là regarda-ient les deux magnifiques visages.

"Es ist geburtsdagverruung voor jou, schat" zei ze en kuste me. "En hier zijn je cadeaus!" Ze stuurde twee naar in twee prachtige gezichten.

It was my birthday. Lena, my girlfriend, and I had decided to spend a beautiful evening together. But, she said other things in mind, much to my surprise, for that evening she brought her two girlfriends with her—Vivien, blond and slender and Rose, small and plump.

Mais c'était l'anniversaire. Laila was serious, joking, my trusted Helen, beautiful, but not serious. Fernando, Lena's companion. He also talked about how much money Dagen was worth. Which was a disappointment, as we go down our own roads. Lena, Vivien, blond and slender, and the little Rose.

Plus une amoureuse. Lena, ma femme amant, et une amie d'abord de jeune amoureuse une agréable amie. Cependant, à une grande surprise, elle nous parvenait avec deux autres à elle, la blonde et amoureuse Vivien et la fille Rose, petite et plump.

Et une jeune. Lena, m'a surpris, et de l'habitude de nous à nous. Mais les deux autres arrivant et les autres d'après. Vivien, petite et gracieuse, et Rose, petite et plump.
